| WN     | 8100     |               |           |        |

**The Technical Manager will need to inspect and approve all flown set pieces. Please note that structural work may be needed to be done on set to meet safety standards (charged back to hirer) and Erindale Theatre reserves the right to refuse certain sets or rigging done to be flown. All flown set is to be listed with dimensions and sent to Technical Manager via email a minimum of one week prior to booking.**

**Set must not exceed 320kg and 4.5m in height unless written approval has been provided by management.**
